Winter 2023:
Groundbreaking

Spring 2024:
Construction
Complete

PROJECT OVERVIEW

The Better Market Street project will revitalize and improve San Francisco's busiest and most prominent corridor. This multi-agency project, which stretches from Steuart Street to Octavia Boulevard, will make traveling along Market Street safer and more efficient, while creating a vibrant and inviting atmosphere for everyone who visits, lives or works on Market Street.

The project will be constructed in phases to reduce the impacts to the local community. The first phase is a targeted infrastructure improvements project for the Mid-Market area between Fifth and Eighth streets. The decision to limit the scope of work in this contract was due to changing conditions as San Francisco recovers and emerges from the pandemic.

After developing alternatives and consulting with stakeholders in spring 2021, Public Works and SFMTA agreed on an alternative design for Phase 1 that focuses on critical safety and accessibility upgrades.

Total Construction Cost = \$60 Million

WANT TO STAY IN THE KNOW?

For regular updates on all things Better Market Street, fill out the form at the link below. You'll receive timely, important information on construction progress, transit and roadway impacts, upcoming community meetings and much more.

NEARBY INFRASTRUCTURE IMPROVEMENT PROJECTS:

- [Upper Market Street Corridor Safety Improvements Project](#)
- [Sixth Street Pedestrian Safety Project](#)
- [Safer Taylor Street Project](#)

WHAT TO EXPECT

Traffic signal upgrades to make travel safer and more efficient for people who walk, bike, take transit and drive

Sidewalk bulb-outs to shorten crossing distances at the Hyde Street, Sixth Street and at Market/Mason/Turk intersections along Market Street

Wider ADA-compliant curb ramps to improve accessibility

Replacing old and worn sidewalks at multiple street corners to reduce tripping hazards

Repaving curb lanes and intersections, including crosswalks, to provide safer and smoother crossings for people who walk and bike

Streetscape improvements, including new trees, benches and bike racks

New catch basins to improve drainage in areas that are prone to ponding

DO YOU OWN OR OPERATE A BUSINESS ALONG MARKET STREET?

If so, join our Business Working Group!

We are looking for interested local business owners to meet with us and provide feedback, discuss project updates and strategize how to minimize construction-related disruption to businesses along the Market Street corridor. Those interested should reach out to our project team by sending a message to bettermarketstreet@sfdpw.org
