2793J: Park Merced/Twin Peaks/Mt Davidson Manor Residential Street Resurfacing

Courtesy Notice for Residents-Midcrest Way from Panorama Drive to Cityview Way (Addresses 101-105): Concrete Street Replacement

Dear Resident,

Precision Engineering Inc (PEI) is replacing the concrete street on Midcrest Way, between Panorama Drive and Cityview Way, beginning on Monday, October 7th, 2019*. The concrete street will be replaced in three segments- all 17.5' wide, the Western Segment (odd numbered addresses) and the Eastern Segment (even numbered addresses). The last segment is on the corner of Midcrest and Cityview, in front of houses 101 Midcrest, 105 Midcrest. The last segment of work will begin on the 4th of November. Details regarding this segment are below.

There will be parking, traffic lane and driveway access restrictions associated with each of these segments of work. PEI has, in partnership with San Francisco Public Works, taken additional measures to ensure residential impacts associated with these works be minimized as much as possible. Each concrete segment will take approximately ten (10) calendar days to cure.

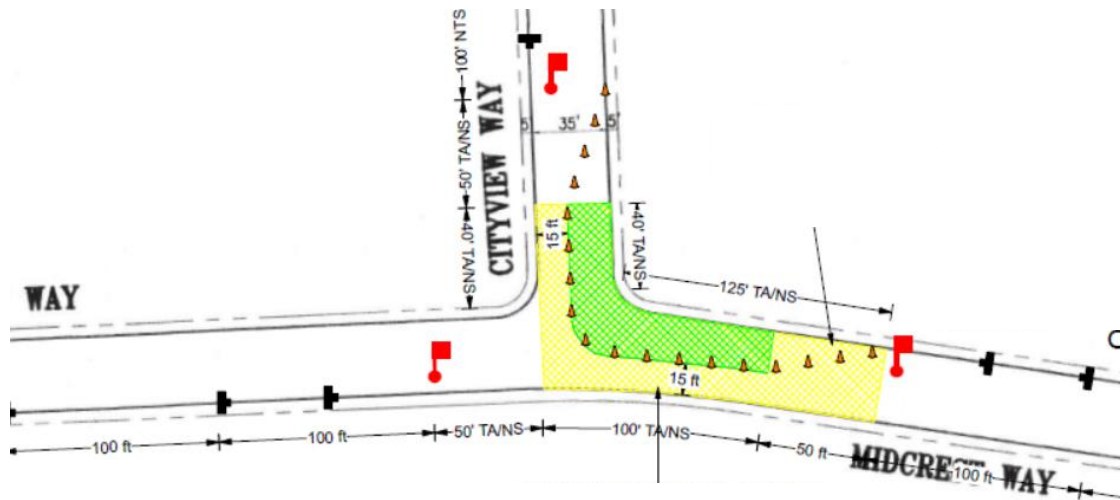

Last Segment- Western 17.5' Corner: 11/04/19- 11/15/19

24 hour no parking enforced for this entire date range. There will be no parking allowed on either side of the street in front of 101 and 105 Midcrest Way at any time during this period

Driveway access to eastern properties (even numbered) will be available after hours

Driveway access to 101 Midcrest, 105 Midcrest will be prohibited during demo, pour and until the concrete is sufficiently hardened to traffic over. The demo will take 1 business day, the pour will take 1 business day and the cure will take 10 calendar days. Driveway access will be prohibited for the entire date range scheduled for this section of work. A tentative estimate of this week of no access to the western properties will be 11/04/19-11/15/19
